Village Property, near St Céré, Lot, SW France

€ 229, 229

Property Reference: VI102

Over 2 floors this renovated townhouse with garden has 4 bedrooms.

Situated close to the River Dordogne in a very picturesque village, just 15 minutes from St Céré, this charming property has recently been renovated by the French owners. Tucked away in a quiet street which leads down to the river, this house benefits from a garden to the rear... quite a rare occurrence in medieval villages.

The door from the street enters a beamed living room with large fireplace. Also on the ground floor, is an en-suite double bedroom. The kitchen and another living room (dining?) are to be found on the first floor, with a further 3 bedrooms and family bathroom built into the converted attic space.

Whilst the property has recently undergone some refurbishment, this has been done with the second home/rental/gite market in mind and in our opinion, where you to consider buying this property as a permanent all year round residence, you would probably want to carry out some further upgrading work. We would recommend an early viewing of this house as, village properties such as this and in such a sought after location, are rare indeed.
